Chris—

Your question is at two levels.

First, you must be concerned with the Right-to-Know law. If Kris sent this email to all of the selectmen, it would represent a "meeting" within the meaning of the RTK. To cure that violation, the emails and a discussion and vote, "ratifying" Kris' signature on the community support document should resolve that problem. So you are on the right track.

If the question focuses on the authority of the board to approve the document, I am persuaded the selectmen have the authority, as they are the elected representatives of the town.

Does that address your question(s)?

Bart,
Kris sent the attached email to each Selectboard member individually. Assuming the Board agreed via email, the intent was to put the item on the consent agenda with emails attached for official approval at the next Select Board meeting.

Ben Fortner is challenging this. As this is not a committing the Town of Henniker to anything, do you see any reason why we cannot proceed this way?
